

At Home With Hope Landing

Charlotte's Premier Assisted Living Community

May 2018

Well, Spring is finally here and time for warm weather activities. We are looking forward to hot dog roasts, concerts on the lawn, planting flowers and sittin' on the front porch soaking up the sunshine. Hope you can join us for a glass of something cold; share some memories or catch up on the latest news. Right now, let's see what kind of activities have kept us busy this past month. Grab your favorite beverage and let's catch up on what is happening at Hope Landing.

Update on New Facility

As you may know, we are opening a new residence next door to Hope Landing. It has a name now. It will be known as "The Haven". It will have 10 mini apartments and the plan is to have it available to new residents this summer. No date has been set yet, but we are planning a huge celebration when construction is done. Hopefully, we will have some photos to share with you soon.

Armchair Travels

So, over the past month we have traveled the Appalachian Trail, went to Alaska, Hawaii and will be exploring the Panama Wild Rainforest this week. Technology is amazing. It can bring far away places right into our living rooms and show us places and things we may never get to experience. It is also great for refreshing our memories of places we have been.

I hope everyone continues to enjoy our weekly visual trips, where we can soak in the beauty around us that God has created for our pleasure.

Ladies PJ Party

Our latest Ladies PJ Party and movie was no disappointment. Once again, the ladies put on their comfy jammies and gathered in the Activity Center to enjoy popcorn and lemonade while kicking back on the comfy furniture to watch "Mrs. Doubtfire". It is a great movie that had us laughing throughout the whole thing. Can't wait for next month's PJ Party!! Need to come up with another great movie ladies. Give me some suggestions!

Creative Coloring

Today just felt like a day to do something relaxing, so we found some beautiful pictures in one of our adult coloring books; pulled out the colored pencils and dry markers and immersed ourselves in the quietness around us and let our imaginations go. We did not get them finished, as there is a lot of detail, so we will work on them again this week and see how far we get. Everyone is doing a nice job and I can't wait to see them when we are done.

Mother's Day Tea

We had a nice Mother's Day Celebration with the help of Great Lakes Hospice! The kitchen prepared some excellent finger foods that included Monte Cristo Pinwheels, Mini BLTs, Mini Egg Salad and lots of yummy desserts. Great Lakes Hospice brought in all the necessities for making tea and some desserts as well. Some of the ladies wore spring hats and John from Great Lakes entertained us.

Music

Last month we were honored and delighted when the Sankofa Children's Choir from Africa came to visit. They shared their love of God with song and dance.
