

At Home With Hope Landing

Charlotte's Premier Assisted Living Community

February 2019

Happy February!! Good news for those of us affected by the historic polar vortex: Punxsutawney Phil, the world's most famous groundhog, did not see his shadow on February 2nd, thus predicting an early spring. Well, I am not sure that I put much faith in a groundhog predicting the weather, but I certainly hope he is right. Mother Nature has been brutal with all the snow, sleet, freezing rain and cold temps, so I think we could use some warm spring weather real soon. And while we wait, let's grab a cup of something warm and look back at what's been happening around here.

New Year's Eve 2018

Since our January newsletter was filled with so many great memories of 2018, we saved our New Year's Eve photos for this issue. We sure had fun ringing in the new year with some great snacks, playing Bingo with some HUGE prizes and then watching the ball drop! Hope you enjoy the pictures.

Just look at all these great pics!

Condolences

It is with a heavy heart that we say "Goodbye" to the beautiful Mary West. Mary was so sweet and had a contagious smile. Her family is in our thoughts and prayers. We love you Mary and will miss you dearly!

Music

We'd like to welcome our newest entertainer, Fred Navarro, to our lineup here at Hope Landing & The Haven!

Fred Navarro joins our musical lineup which includes Marty Noss, Fred Walker, "Willie", Bill & Susan Jaynes, Chuck Archer and Chuck Jenson. We are so blessed to have such wonderful musical people in our lives.

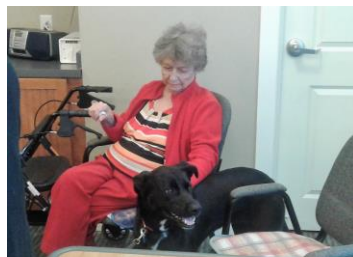

Animal Therapy

We are so blessed to have Sandy & Abby and their friends (human and furry) who come to visit once a month.

They definitely put a smile on every face when they visit.

And they are a great source of comfort and contentment.

Crafts

First craft of the new year! And Maddy, from the kitchen came to help us create these beauties. We sure appreciated her help.
