Charlotte's Premier Assisted Living Community

January 2019

Happy New Year!! Wow, it doesn't seem possible that we are in the year 2019. Isn't it amazing to think of all the things that have been invented and the historical events that have happened over the last 100 years? Things like; the first man on the moon, indoor plumbing, electricity, cars, airplanes, telephones, televisions, cells phones, computers and so much more. I don't know what exciting things 2019 will bring, but I do know that spending it with you will be the best time ever. Thank you all for making 2018 so wonderful and now let's take a look back at all the fun we had.

Music

There was no lack of music in 2018 and we loved every minute of it.

And the variety was fantastic!!

Armchair Travels

We have been able to visit some of the most interesting and breathtaking places during our Armchair Travels. We started in the UP of Michigan and moved onto South Dakota, Yellowstone, the Appalachian Trail, Alaska, Hawaii, Panama Rainforest, Glacier Nat'l Park, Maine, Grand Canyon and Australia. From there we headed to Europe to see Switzerland, Ireland, Spain, Scotland, Italy, Rome, Paris, Alps of Austria, Egypt, Greece, Croatia, and Norway. And we can't wait to continue our journey through the rest of Europe in the new year.
