

At Home With Hope Landing

Charlotte's Premier Assisted Living Community

September 2019

Well, according to the calendar, Fall is right around the corner, although with the beautiful warm weather we're having, you wouldn't know it. And this past month we have enjoyed some of summer's nicest weather. So, before we let summer slip away, let's share some of the fun things we have been doing. So, grab a glass of something cool or warm and enjoy this month's newsletter.

Ladies Potluck

The ladies of Hope Landing were treated to a wonderful potluck luncheon hosted by the Ladies Coffee Club. The Ladies Coffee Club consists of several ladies with one of them being, Nanette Podany. Nanette's mother was a resident at Hope Landing, and occasionally the group would hold their coffee club at Hope Landing so her mom and the other ladies could join in. We want to say "Thank you" to the ladies for treating us to a wonderful afternoon. You are awesome!

Remarkable Musician

Awhile back we met a young man whose musical talent is hard to put into words. When he started playing, we were in awe of him. Luke Bilbey is his name and he is a young man of 14, who is very bright and very talented. His talent not only included being able to play an instrument, the Clavinova, that he had never played before; but he is writing his own music. Everyone really enjoyed listening to him play and we look forward to his return one day with more of his beautiful original music for our pleasure.

Goodbye Summer, Hello Fall!!

Well, another season of cookouts has come and gone. We are sad to see summer go, but we didn't let it get us down as we celebrated our last cookout with a "Welcome to Fall" theme!

The firepit made it till the end of the season, but now it doesn't have a leg to stand on. Hahaha!!!

The weather was gorgeous for our last cookouts at both facilities!

An Egyptian Wedding

Many of our residents attended a wedding in Egypt, in real time, but never left the building. What are we talking about you ask? Well, if you follow us on Facebook, you may have seen the "Live" wedding event that happened in late August. Our resident, Barbara Jean's grandson married the love of his life in Cairo, Egypt and since Barbara Jean couldn't be there in person, they set up what is called a "Live" stream on the internet and Barbara was able to see the wedding as it took place; thousands of miles away. The "Live" stream was pretty grainy, much of the time, but she could make out all the important people in her life that were there to celebrate this wonderful event. It was very exciting for the rest of us as well.

If you have a special event coming up that a loved one can't attend, you may want to check into doing a "Live" stream so they can enjoy the event too; from wherever they are. Please "Like" and follow us on Facebook and tell your family and friends about us as well.

1252 N. Cochran Ave., Charlotte, MI (517) 541-9620

Seashell Necklaces

Another great craft project!! You may remember from our last newsletter that we were gifted a large amount of seashells and were looking for a great craft project to use them - SEASHELL necklaces!!!

Absolutely BEAUTIFUL!!!

Sharing Bits of Wisdom

Taking a cue from another assisted living facility, we asked our residents of Hope Landing & The Haven to share their words of wisdom for today's students. Again, you can find all the great quotes on our Facebook page.

1252 N. Cochran Ave., Charlotte, MI (517) 541-9620
