

At Home With Hope Landing

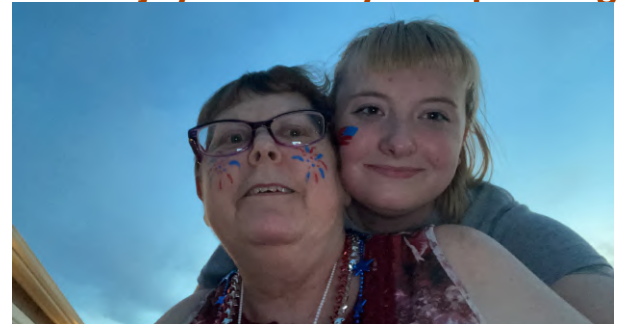

Charlotte's Premier Assisted Living Community

July 2022

We had an absolutely amazing time celebrating Independence Day with our family and friends this year ! The famous Hope Landing fireworks display was a first for many of us, and it most definitely exceeded our expectations. The weather was too hot for most of us to want to be too active outdoors, but we all enjoyed conversations with friends and family. And the s'mores were a hit. A huge thanks to everyone that came to help us celebrate, and all of the staff that were able to participate.

We enjoyed holiday face painting

and crafts...

Of course we've been staying active throughout the whole month, not just with holiday celebrations. Whether we fancy the fiddle, or have a passion for bowling, we are encouraged to pursue activities that are meaningful to our lives.

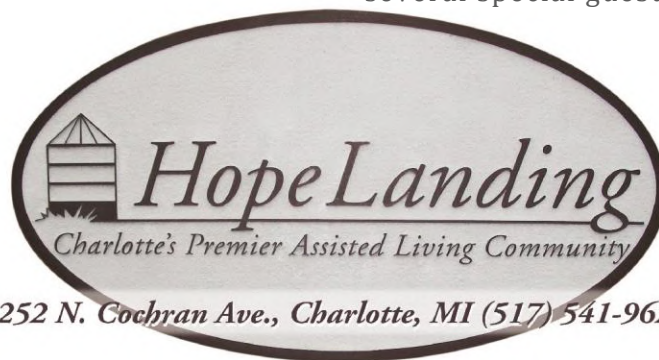

We have been blessed with live music from several different performers this month. Music has so many therapeutic benefits, it warms our hearts, and lifts our spirits. We all enjoy singing along to old favorites.

This coming month we are looking forward to more games, crafts, and activities. We look forward to outings in the community, as well as several special guests.
