March 2026 Edition

Where Care Feels Like Home

Hello Hope Landing family!

March brings a sense of transition. Longer days, a hint of spring in the air, and a renewed energy throughout the building. At Hope Landing, this month has been filled with familiar routines, meaningful connections, and a few special moments that remind us how much joy can be found in simply being together.

As we move toward a new season, we're grateful for the steady rhythms that continue to make this place feel like home.

March Highlights

St. Patrick's Day Fun

Residents enjoyed festive crafts and a St. Patrick's Day celebration complete with popcorn and a movie. It was a fun and lighthearted way to celebrate the season together.

Music & Harp Performances

Music filled the building this month with visits from Marty and a special harp performance with Joy. These moments brought calm, beauty, and reflection to our days.

Aquatic Center Pool Trip

Residents enjoyed a refreshing outing to the aquatic center, offering movement, relaxation, and a welcome change of pace.

Ice Cream Social with Charlotte Rotary Club

We were grateful to welcome members of the Charlotte Rotary Club for a special ice cream social. It was a wonderful time of connection, conversation, and community.

Easter Activities Begin

As we near the Easter season, residents began preparing with activities like our Easter Egg Hunt.

Weekly Favorites

Throughout March, residents continued to enjoy many of their favorite activities, including:

Bingo with Sue and Jan, Bunco, Dominoes, Uno, and Euchre, Exercise, Nail Care, Bible Study with Deb, and John, Chair Massages with Marcie, and Floral Workshops with Lindsey.

These familiar activities continue to bring structure, comfort, and connection to each week.

"Connection is often built in the quiet moments. One conversation, one smile, one shared pause at a time."

“In every season, Christ is present bringing new life, even in the quiet beginnings.”

Fun Fact

By the time March ends, we gain nearly three hours of additional daylight compared to early January, a clear sign that spring is on its way.

Joke of the Month

Why shouldn't you tell secrets in the garden?
Because the potatoes have eyes and the corn has ears!

Notes from Joel

March always feels like a season of quiet change. Not everything shifts all at once, but little by little, you begin to notice signs of something new.

As I've spent time around the building this month, I've been reminded that growth often looks the same way. It happens in small moments; a conversation, a shared laugh, a simple act of care. Over time, those moments build into something meaningful.

I'm thankful for the steady presence of our team, our residents, and our families as we continue walking through this season together.

— Joel
